

To Whom It May Concern;

I am writting to urge the rejection of the National Association of Broadcasters' petition 04-160 and to support XM radio's ability to provide the kind of programming that only XM has been able to provide.

I have long been frustrated with the content and quality of radio in the US. I was very pleased to find and use XM radio on a daily basis in my car, at work, and at home. There is nothing like it anywhere else and XM's freedom of speech should not be trod upon.

Please reject petition 04-160.

Thank you for your time and effort.
